0 = can't find

1 = difficult

2 = moderate

3 = easy to find

\* California is the only state that has different agencies for natural gas and liquid pipelines

\*\* Alaska and Hawaii are the only two states that do not have agencies designated for pipeline safety

State web pages scored during a review in July 2011. This survey will be redone and updated completely each July.

We also will update it throughout the year if we are alerted to changes by citizens or state regulatory agencies.
