Dear Mr. Kopczynski:

Re: 2014 Natural Gas Standard Inspection – Ritzville District

On August 18, 2014, we received and reviewed your response to the area of concern noted from our June 2014 inspection of your Ritzville District. (UTC inspection No. 5831).

We accept your proposal to revise your Leak Survey Procedure No. 5.11 to better clarify your processes for conducting leakage surveys of High Occupancy Structures or Areas and Business Districts.

This inspection will be closed as of September 22, 2014.

If you have any questions, or if we may be of any assistance, please contact Scott Rukke at (360) 664-1241.

Sincerely,

David D. Lykken
Pipeline Safety Director
